PROFESSIONAL SUMMARY

Software Developer with hands-on experience in Flutter, Firebase, Django, and modern web technologies through internships and independent projects. Skilled in building scalable applications, integrating APIs, and designing user-friendly solutions.

TECHNICAL SKILLS

Languages

HTML, CSS, C, C++, C#, Dart, Python

Databases

Firebase (Firestore, Auth, Realtime DB), SQL

Soft Skills

Leadership, Team Collaboration, Adaptability, Active Listening, Problem Solving

Frameworks & Libraries

Flutter, Django, .NET (MVC), OpenCV, MediaPipe

Tools & Platforms

Git, GitHub, Android Studio, VS Code, Figma (basic)

PROFESSIONAL EXPERIENCE

Flutter Mobile App Developer Intern

Luminar Technolab

03/2025 – 04/2025

Kerala, India

- Engineered a cross-platform mobile app using Flutter and Dart, delivered within a 4-week timeline.
- Integrated Firebase Authentication and Firestore, handling 100+ user data scenarios across 3+ app modules.
- Applied MVC architecture to separate business logic from UI.
- Tested UI across multiple Android devices and resolved performance issues.

Django Web Developer Intern

Wahy Lab Solutions

04/2024 – 05/2024

Kerala, India

- Built a Django-based e-learning platform supporting 4 core modules and 2 user roles.
- Modeled relational database schemas using Django ORM, supporting 4 core platform modules.
- Enforced role-based access control for 2 user types — learners and administrators.
- Participated in Agile sprint reviews and incorporated stakeholder feedback.

Flutter Developer Intern

Cynosylix Technology

02/2026

Kerala

- Completed a 1-month Flutter internship focused on cross-platform mobile development.
- Built real-world features across 3+ screens and improved UI composition skills.
- Strengthened knowledge in widget architecture and state management.

- Gained exposure to industry workflows and collaborative coding practices.

PROJECTS

SerenitySpace

Flutter | Firebase | Dart

- Developed a mental health platform with 3 user roles — therapists, patients, and admins.
- Implemented real-time chat using Firestore listeners for near real-time message delivery.
- Added appointment booking with conflict detection and push notifications.
- Secured data with Firestore rules across 6+ models for multi-tenant isolation.

SkillSync

Flutter | Firebase | Dart

- Developed a job-matching platform handling 10+ skill categories and connecting candidates with relevant opportunities.
- Implemented a compatibility scoring algorithm using Firestore queries.
- Structured Firestore collections for user profiles, job postings, and match scores.
- Shipped separate flows for job seekers and employers with full application tracking.

AirDrawing

Python | OpenCV | MediaPipe

- Designed a gesture-controlled canvas using MediaPipe hand-tracking and OpenCV.
- Achieved smooth finger tracking at 30+ FPS on standard hardware.
- Supported 4 gestures — draw, erase, color select, and canvas clear.

3D Air Sculpting

Python | OpenCV | MediaPipe

Extended AirDrawing into 3D space using depth estimation from a single webcam.

EDUCATION

B.Voc — Software Development and System Administration

MES College Marampally

2023 – 2026

Marampally, Aluva

Plus Two — Computer Science

MGM Higher Secondary School

2018 – 2020

Kuruppampady

SSLC

St. Thomas Higher Secondary School

2017 – 2018

Kuruppampady

LANGUAGES

- English | Malayalam | Hindi
